

## **HEAVY DUTY MECHANIC**

### **JOB STATUS**

Full-Time  
Merritt BC

### **JOB SUMMARY**

We are looking to add another mechanic to our team to work under the direction of our Head Mechanic. Common work duties will include general repairs, maintenance and diagnostic work on various types of heavy equipment and commercial transport vehicles. Advancement opportunities are available for people that are self-motivated and able to work in a safe and efficient manner on their own or as part of a team. Industry competitive wages and benefits.

### **RESPONSIBILITIES**

- Safe and efficient maintenance and repair of heavy equipment
- Perform diagnostics and troubleshooting on heavy equipment and commercial transport vehicles
- Conduct mechanical and safety inspections on heavy equipment
- Complete hazard assessments applicable to the required tasks and participate in daily safety meetings
- Identifying, sourcing and ordering the parts necessary to complete a repair
- Work professionally with all other employees, subcontractors and customer representatives
- Ensure compliance with all company, customer and legislated safety policies and procedures
- Other related duties as required

### **REQUIREMENTS**

- Minimum 2 years experience as a heavy duty mechanic
- Valid Drivers License
- Ability to Pass pre-employment drug testing
- Experience with CAT, Komatsu and John Deere equipment
