

## **Journeyperson Industrial Instrumentation Mechanic**

### **Teck Highland Valley Copper**

**Posting Date: July 4, 2022**

**Closing Date: July 18, 2022**

---

Reporting to the Mill Maintenance Supervisor, the Journeyperson Industrial Instrumentation Mechanic is responsible for:

#### **Responsibilities:**

- Be a courageous safety leader, adhere to and sponsor safety and environmental rules and procedures.
- Install and calibrate instruments used for measurement and control in production.
- Repair and maintain process control field instrumentation.
- Troubleshooting of instrumentation devices.
- Perform in a team-orientated environment with various trades.
- Maintain a clean, orderly and safe work environment.

#### **Qualifications:**

- Journeyperson Interprovincial Industrial Instrumentation Mechanic with Red Seal Endorsement.
- Minimum 4 years' experience in an industrial environment.
- Minimum of a valid driver's license (BC Class 7N or equivalent)
- Experience with control systems, DCS and PLC experience would be a definite asset.
- Strong interpersonal skills.
- Ability to work independently and as part of a team.
- Must be willing to work two 12-hour days followed by two 12-hour nightshifts followed by four days off.

#### **Benefits:**

We offer the chance to live and work in the Highland Valley and enjoy a variety of recreational opportunities, such as hiking, skiing, fishing, and golf! The mine site is a 50-minute drive from Kamloops, B.C. Our tradespeople work an attractive 4 x 4 days and nights shift schedule, allowing for plenty of work/life balance.

Permanent full-time tradespeople are offered a competitive compensation package that includes:

- Comprehensive Benefits Plan including but not limited to medical, dental and vision
- Company Paid Pension
- Healthy Lifestyle Account

At Teck, we value diversity. Our teams work collaboratively and respect each person's unique perspective and contribution.

Qualified applicants interested in joining a dynamic team are encouraged to submit a resume and cover letter electronically.

We wish to thank all applicants for their interest and effort in applying for the position; however, only candidates selected for interviews will be contacted.

Teck is a diversified resource company committed to responsible mining and mineral development with major business units focused on copper, steelmaking coal and zinc, as well as investments in energy assets.

Headquartered in Vancouver, Canada, its shares are listed on the Toronto Stock Exchange under the symbols TECK.A and TECK.B and the New York Stock Exchange under the symbol TECK.
